JONAS EG-Grund

Special white pigmented primer for interior use without structuring grain. It optimizes the open time of following coatings. Problem-solver for very smooth wall and ceiling areas. Seamless application becomes easier with EG-Grund. Covers inhomogeneous undergrounds. As priming coat for following coatings on silicone and dispersion basis. Free of solvents and harmful emissions. Without the addition of preservatives.

Without preservatives, according to the award criteria of the RAL for DE-UZ 102, version 2019.
