JONAS Sol-Silikat-Innenfarbe

Highly diffusible silicate paint according to DIN 18363, for interior use. Snow-white with very good hiding power. Sol-silicate offers outstanding processing properties and high durability. Suitable for mineral substrates and for reworking old, mat and sustainable dispersion and silicone-resin based paints. Resistant to disinfectants. Free of plasticizers and fogging active substances. Free of solvents and harmful emissions. Without the addition of preservatives.

Without preservatives, according to the award criteria of the RAL for DE-UZ 102, version 2019.
